Bracks, Wonderful Risley Ar-Vaudeville Attraction Today.

It would seem that all manner of athletic feats have been shown in vaudeville but the famous Bracks who have just come to this country have found something new. These sturdy Teutons do things in risley that would seem impossible. In ones, two, threes and fours, they fly about from one pair of feet to another and somersault to the floor in a whilelying fashion.

New Bill at the Auditorium Today. Lester Templeton's Loveland Girls will put on an entirely new show to-day and for the remainder of the week.

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change

of Life. Westbrook, Me. — "I was passing brough the Change of Life and had

pains in my back and side and was so weak I could hardly do my housework.

I have taken Lydia
E. Pinkham's Vege-table Compound and it has done me a lot of good. I will remend your medicine to my friends and give you permis-sion to publish my

testimonial." - Mrs. LAWRENCE MAR-IIN, 12 King St., Westbrook, Maine. Manston, Wis. - "At the Change of

Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bot-tle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since." — Mrs. M. J. BROWNELL,

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases.

On the picture program the second episode of the Broken Coin with Grace Cunard and Francis Ford will be shown and it has proven a very interesting installment. Much interest is being shown in the Charlie Chaplin contest which takes place Friday night and the names of several applicants have been handed in.

COLONIAL THEATRE. remium Night To-night 15 Big Presents Absolutely Given Away.

As is the custom on each Thursday night, the management of the Colo-nial theatre will present to the lucky coupon holders valuable and useful gifts. These consist of desirable ar-ticles of no small value, and are such gills. These consist of desirable articles of no small value, and are such as to please every person fortunate enough to draw one. These gifts are shown at the theatre at every performance. On the photo-play bill, the headliner is one of the girl detective series. This incident being entitled "The Escape of Mike Donegal." This is a tale of life at the penitentiary, in which one of the convicts escapes. How he does so, remains for the plucky, and pretty little girl detective to discover, suffice it to say that the picture revels in scenes that are thrilling in the extreme. "Indiscretion," is the splendid Lubin drama, and "A Clean Sweep," is the Edison offering. "Sophie's Fighting Spirit" is one of those convulsing Snakeville comedies, in which Sophie displays her nerve as well as her strength. Her support as usual consists of the well-known characters that have always surrounded her with their best efforts, and have caused thousands to laugh as they have never laughed before.

It is called by the manufacturers Rat Corn, and the unique qualities claimed for it seem also to be fully substantiated; these are, that Rat Corn will surely kill rats, mice and all rodents. It will not kill human beings. It mummifies the bodies of the dead rats, so that they are entirely free from disagreeable odors or smells. It dries them up. In fact, by using Rat Corn you can rid your premises of the pests and dangerous nuisances in a safe, sane and sanitary manner. Investigate Rat Corn. It is well worthy a trial. The bell sleeve is cool and comfortable and to cut on new lines. The square neck outline on waistline and bolero is becomingly graceful. The skirt may be made with or without the heading, and finished in raised or normal waistline. The pattern is cut in three sizes: 16, 18 and 20 years. #### POETRY THE LANE.

There's a jone I love to think of; It is stone-walled, either side, and it slopes between an orchard And a field or meadow wide.

Then what buttercups and daisies, What virburnums tall and fair, Primroses and wild-grape flowers, Pink-balled milkweeds, greet there!-

There again, as soon as ever Come those leafy, grassy days, I must hear the red-winged bluckbirds And song-sparrows sing their lays;

and when there all things are quiet. Fron the grasses and the leaves, then the blithesome swallows twitte Gathered under distant caves. Off I go to call the cattle,
By that lane at close of day;
Oh, how many are the pictures
That delight me on the way!

But the home I turn to look at, Almost hidden, like a nest. In the shadows of its maples, Is the picture I love best.

Fast the summer is approaching. Signs of it are everywhere; There is something of its sweetness In the city's changing air;

### CONSOLATION

God lives as much as in the days of In thunder-clouds of wrong.

Perchance, O ye that toll on, though foriorn.

By your soul's travail, your own noble scorn.

The very God ye crave is being born.

THE KALEIDOSCOPE

There were 234 fewer fatalities in the coal mines of the United States last year than in 1913. Agriculture is the primary industry in the west of England, where it is notable for its diversity. Dairying and cattle and sheep raising are carried on in Somersetshire. The Cheddar cheese industry is situated there.

Owing to the difficulty of securing skilled workers, the high cost of land and water, and the increased cost of labor, rice production in Hawaii (which has been averaging over 25,000,000 pounds annually) is decreasing at the rate of about 10,000 bags a year. It is estimated by a Honolulu paper that the 1915 crop will be 60,000 bags less than that of 1963.

The Dominion of Canada, the provinces and municipalities make such liberal provision for general education that less than 7 per cent of the population over 5 years of age are unable to read and write. The largest single item in the expenditure of Ontario, as well as of its capital city of Toronto, is for education. The school-house is recognized as an important factor in the successful colonization of New Ontario.

### To Overcome Sunburn, Tan, Freckles, Wrinkles

If your skin is unduly reddened, freckied or tranned, dab a liberal amount of ordinary mercolized wax on the face and allow it to remain over night. When you wash off the wax in the morning fine flaky, almost invisible particles of cuticle come with it. Repeating this daily, the entire outer skin is absorbed, but so gradually, there's not the alightest burt or inconvenience. Even the atubbornest fredkies are affected. The underlying skin which forms the new complexion is so fresh and youthful-looking, you'll marvel at the transformation. It's the only thing known to actually discard an aged, faded, muddy or blotchy complexion. One ounce of mercolized wax procurable at any drug store, is sufficient in most cases.

If sun and wind make you squint and frown, you're bound to cultivate wrinkles and crow's feet. To eversome these quickly, bathe the face in a solution made by dissolving an ounce of powdered saxolite in a half pint witch
